

## Basalt Rock Fiber Cloth Fabric: *Premium Grade* 1200°F / 648°C: Very High Temperature & Heat Resistant

- Manufactured of basalt rock fiber: has a 1200°F / 648°C continuous rating while providing high insulation value & excellent personnel protection.
- Good abrasion resistance and tensile strength.
- Can replace aramid, fiberglass and carbon fibre fabrics.
- Used for many performance auto and motorsport applications due to its ability to handle high exhaust and turbo charger temperatures.
- Has a very shiny black gloss snakeskin appearance.

1200°F / 648°C continuous rating, high insulation value & excellent personnel protection

Very High Temperature & Heat Resistant Basalt Rock Fibre Cloth Roll Fabric			
Part Number	Weight oz/yd <sup>2</sup>	Roll Width In / cm	Thickness In / mm
