

**Weld Splatter Shield Fiberglass Cloth Fabric: Premium Grade**  
**1100°F / 593°C: DeltaGlass™ Very High Temperature & Heat Resistant**

- Manufactured of fiberglass yarns, has a 1100°F / 593°C continuous rating while providing high insulation value & excellent personnel protection.
- Good abrasion resistance and tensile strength.
- A neoprene/latex coating provides good weld splatter resistance.
- Can be easily cut to shape and has very good fray resistance.
- Due to the coating, this fabric has a stiffness similar to thick bristol board or a thinner cardboard, allowing it to be placed into temporary positions with its inherent stiffness holding it in place – good for applications such as assembly line brazing, or as an easy installed and removed protection shield for plumbing/welding.

1100°F / 593°C continuous rating, high insulation value & excellent personnel protection

<b>DeltaGlass™ Very High Temperature &amp; Heat Resistant Weld Splatter Shield Cloth Roll Fabric</b>				
<b>Part Number</b>	<b>Weight oz/yd<sup>2</sup></b>	<b>Roll Width In / cm</b>	<b>Thickness In / mm</b>	<b>Price per Yard / Metre</b>
