

Split-Sleeve Firestop for Retrofit Wire & Cable Passthrough Transit

2 and 4 Hour rated retrofit firestops for wire and cable passthrough of rated walls and floors

FlameShield™ retrofit split-sleeve fire rated firestop passthrough transit for wires and cables is the easy way to bring non-compliant installations into code passing compliance.

Simply clean up the existing hole to allow installation of the split sleeve, add the collars and support rings, insert the intrumescent putty and you have a finished retrofit that will pass inspection.

Available in several sizes and ratings for vertical fire rated walls and floors.
