

**Stainless Steel Metal Braided Sleeve**  
**XL High Coverage flat sleeve; SD Standard Coverage round sleeve**  
**2500°F / 1371°C: Standard Size HoseSaver™ / CableSaver™**

- “Standard” size stainless braid sleeve: an alternative to “Hose” size sleeve.
- Flexible size – can expand or shrink by approx 25% due to the high braid angle. Expanded position results in slightly lower braid coverage.
- Excellent Abrasion Protection.
- EMI / RFI Gasket & Sleeve.
- Provides Blow-out protection for hydraulic hoses.
- Provides rodent protection for burial cables and hoses.
- Clamps, tape or ties can hold the sleeve tight to underlying wire, cable or hose if required, and at the connector ends.
- S-METAL-SS-XL is supplied as a flat sleeve, on spools. S-METAL-SS-SD is supplied as round.
- S-METAL-SS-XL is a high coverage braid allowing greater expandability than the S-METAL-SS-SD version.

**“Standard” Size 304L Tubular Stainless Steel Braided Sleeve**  
**HoseSaver™ / CableSaver™**

Part Number	ID Size inch / mm		Size Range	Wall Thickness	Spool Length, feet Bulk / Small Spool
